Hi, John,

That existing \$50k MA is for ESF-10, for EPA HQ to staff the FEMA response desk in DC.

The last natural disaster (Sandy), Region 2 included the EPA HQ EOC in their Mission Assignment. Afterall, the HQ EOC is only activated right now to support Region 6's effort with Harvey. The current R6/FEMA Mission Assignment specifically states "field operations" which excludes our HQ EOC.

Hi Brendon

On the call this morning you were mentioning a potential meeting between Carol/Maria and Sam Coleman in regards to asking for a new mission assignment. Could you send me a few sentences as to what work would be done under this so I could give a better heads-up to people down here. I was a little confused between this new request and the existing MA for \$50K

Thanks

John Spelman
